Winner receives the title of 2022 Arizona Colleen.

PRINTED PROGRAM PHOTOS

It is important to follow the directions for submitting these photos electronically. The photos will be embedded into a design program to print as one document. Please submit all photos via email, Google Drive, or Dropbox. Failure to submit photos on time means that the Arizona Colleen committee will stalk your social media and pick ones for you.

Submit 7-9 high-resolution (.jpg or .png preferred) photos that depict your personality and interests (try not to have many others in the picture unless they do not distract from you). Samples include close-ups, action shots, demonstration of talent, unique locations or situations (e.g., reflecting travel, in theatre costume, sports attire), just be sure YOU are the focus of the photos. Please refrain from sending darkly lit photos or selfies.

Please put your last name in the subject line for all emails and send to info@azcolleen.org by 11:59 PM, **Saturday, February 5, 2022**. Point deductions will be given to items submitted after the deadline. You will receive an email to confirm receipt of your submitted items. In the event you do not receive confirmation of receipt within 72 hours of submission, please follow up with a second email.

ON-STAGE INTRODUCTION

Prepare a 30 to 60-second introduction, which includes your name, city of residence, education, profession and/or career goals, some interests/hobbies, something memorable/interesting for audience and judges, and an aspect of your Irish heritage (something interesting that you will not be sharing later). Do NOT explain Irish ancestry because this will be asked during the On-Stage Interview.

Provide highlights about yourself. Refrain from stating a list; rather share part of who you are. It is helpful to practice in front of a mirror and stay within your time limit. Remember: you are not permitted to have any notes on stage.

TALENT NOTES

Song selection is reserved on a first come, first served basis. Only one version of each song will be performed, regardless of the medium (e.g., vocal solo, dance, or instrumental); this includes background music. We encourage you to submit your song choice as early as possible.

- You can perform more than one type of talent on stage within the allotted time limits, as desired (e.g., play the flute and then dance; or monologue or poem and then sing).
- You will have time for a costume change prior to talent, if desired.
- You must be the focus of any on-stage presentation. You must obtain advance approval in the event you require a partner for your talent segment (i.e., such as a partner for dance, cheer leading, animal training demonstration).
- We recommend you bring a back-up CD or DVD; we are not responsible for glitches or malfunctions.
- If talent includes a video presentation, prepare a brief introduction to say before video begins. Remember to keep introduction and video within the allotted time.
- Please submit any music or video by February 5, 2022.

Have fun with this portion! You are not being judged on your technique but rather your creativity and ability to showcase yourself in a unique way.
